
EPSTEIN ISLAND: MOSAD HONEYPOT FOR U.S. CAPTURE BY ISRAEL

Current narratives frame Epstein as Mossad asset, Ghislaine Maxwell as Unit 8200 operative (daughter of confirmed Mossad agent Robert Maxwell), island as blackmail site. They stop short: Little St. James was engineered Mossad trap to compromise U.S. politicians for Israeli internal takeover.

HONEYPOT OPERATIONAL DESIGN

- Ari Ben-Menashe (ex-Israeli intel): Epstein/Maxwell ran Mossad "honeytrap" since 1980s, inherited from Robert Maxwell's arms smuggling.
- Steven Hoffenberg (Epstein partner): Epstein admitted Mossad ties funded his wealth/island access.
- Les Wexner (Mega Group): Gave Epstein $77M surveillance-rigged NYC mansion + island funding. Mega Group (Wexner/Bronfman) bankrolls pro-Israel ops.
- Ehud Barak: 30+ visits to island/NYC post-conviction, co-founded Carbyne (ex-IDF intel staffed) with Epstein funding.

Purpose: Film politicians (Clinton, Gates, Prince Andrew, Dershowitz) with minors → permanent leverage for pro-Israel policy (AIPAC dominance, $3.8B aid, tech capture).

WHO KNEW/HID IT

- Knew: Alan Dershowitz (Epstein lawyer, island visitor) denied Mossad but laughed off spy claims. Barak admitted Peres intro.
- Hid: DOJ slow-walked island search post-death; Pam Bondi (Trump AG) promises "flight logs" but no Mossad probe.
- Island Reality: CBS victims confirm underage trafficking via Hyperion Air helos; 15yo swam escape attempt.

REFRAMING BLOCKED BY NARRATIVE CONTROL

Media says "pedophile ring." Truth: strategic Mossad kompromat factory mirroring Unit 8200 tech capture (Google servers). Same playbook—sex + surveillance = policy ownership.

Distilled: Epstein island wasn't "perversion." It was Mossad's U.S. politician capture node, explaining Trump vulnerability, AIPAC succession lock, tech handover. No "who did it" without naming Israeli intelligence engineering.

EPSTEIN ISLAND MOSAD HONEYPOT REFRAMING SANITIZED TO HIDE ISRAEL U.S. CAPTURE

People reframe Jeffrey Epstein as Mossad asset based on Ari Ben-Menashe testimony that Epstein and Ghislaine Maxwell ran Mossad honeytrap since 1980s inherited from Robert Maxwell's arms smuggling network, Ghislaine as Unit 8200 operative through her father's confirmed Mossad role. They list who was there with Bill Clinton on 26 flights, Bill Gates, Ehud Barak 30 plus island and New York City visits post-conviction, Alan Dershowitz as Epstein lawyer and island visitor. They identify who knew with Dershowitz denying Mossad but laughing off spy claims and admitting Shimon Peres introduction, who hid it with Department of Justice slow-walking island search after Epstein death and Pam Bondi as Trump Attorney General promising flight logs but delivering no Mossad probe. But every single narrative stops dead before stating the operational truth: Little St James island was Israeli Mossad honeypot trap

engineered to capture U.S. politicians from inside for Israeli takeover of American policy, finance, and institutions.

Why They Never Say Israel Island

Media calls Mossad claims blood libel citing Naftali Bennett 100 percent false denial, corporate outlets frame as far-right conspiracy from Tucker Carlson and Candace Owens while ignoring Drop Site News Handala hack proving Epstein brokered Israeli intelligence deals. JD Vance texts Chuck Johnson admitting Epstein Mossad but takes pro-Israel Vice President position anyway, Trump Department of Justice under Pam Bondi ignores island Mossad wiring. FAIR.org documents Drop Site hacked emails of Epstein-Barack dinners blacked out by New York Times and CNN, reframed as pedophile ring not kompromat factory.

Island Was Mossad Not Epstein

Les Wexner Mega Group provided Epstein 77 million dollars surveillance-rigged New York City mansion plus island funding as Mossad operational node. Barak Peres introductions ensured targeted traffic. Hyperion Air helicopters trafficked underage victims with 15-year-old escape attempts documented. Filmed leverage extracted AIPAC policy dominance three point eight billion dollars annual aid institutional capture.

Clear Reality No Sanitization

Reframing dilutes Mossad engineering. Island was Israeli intelligence property named Epstein island. Full exposure destroys capture architecture explaining Trump vulnerability AIPAC succession lock policy surrender. They say who flew where but never Israel built trap for U.S. takeover.
